## Timor-Leste

### 5 DAY HATO BUILIKO

Mt Ramelau, the highest mountain in Timor-Leste, summits at 2963 meters above sea level and offers views of the north and south coast on a bright clear day. On a typical day its peak floats above the clouds providing the most spectacular sunset and sunrises for trekkers while overnight temperature drops to freezing cold all year round. Trekking to the summit takes approximately 3 hours from the highland village of Hato Builiko. Grade : Medium

Nunurlau & Aimeta, start the track from Mulo Village taking approximately 2 hours through a still forest of hanging moss. On emerging into open pasture a final steep climb brings you to the traditional houses of Nunurlau and Aimeta. Grade : Easy

Doko Mali Waterfall, on the Maubisse to Ainaro road the trail ascends through coffee plantation, crossing a creek at a small waterfall then continuing to the massive 30m waterfall. Grade : Medium

## NOTE TO TRAVELLER:

It is most important to be flexible, stay positive and willing to accept all challenges that arise. In developing countries remote area, please do not compare with the standards you are used to back home.

The climb up to Mt Ramelau is quite difficult, with slippery rocks and passing landslide areas.

Alecrim Guest house is a very simple guest house where electricity will only be available from 7pm to 12midnight. Simple breakfast such as local bread (paun) and steam tapioca/cassava (occasionally) with tea & Timor Coffee can be expected.

As meat is considered a luxury in this area it's not always available, we strongly suggest to bring your own canned food supply.
